

Committed to excellence

ASDA Hull

ASDA Liverpool

[ASDA Stores](#) are a chain of supermarkets that have been part of the Wal-Mart Family since 1999. ASDA's mission is 'to be the UK's best value retailer exceeding customer needs. Always.' They have positioned themselves as supermarkets that will not settle for an average performance.

If you make such demands on yourself, this also concerns the design and appearance of the supermarkets. This has been the motivating factor behind the collaboration between Bolidt and ASDA. The [Bolidtop](#)<sup>®</sup> flooring does deliver an outstanding performance!

The collaboration has manifested itself in various ASDA outlets. People do their shopping on Bolidt flooring in Liverpool, Teesport, Hull, Thornaby, Tonypany and Washington. After the positive experiences with the Bolidtop<sup>®</sup> flooring in the supermarkets, a synthetic finish from Bolidt has also been chosen for the car parks owned by ASDA. This [Boligrip](#)<sup>®</sup> finish includes floor markers in several colours.
